COMPANY PROFILE

INTRODUCTION

AVA Engineering Works is glad to introduce itself as one of the very Manufacturers of Cutting & Grinding Machines, Manufacturers of Steel Plant spare parts, Power Plant spare parts, any Mechanical spare parts and Structural Fabrication. according as per Customers Need in India. AVA Engineering Works is a trusted name in the field Spare & accessories. With an experience of 20 years, our facilities have been developed to manufacture different types of Valves & Equipment with Machine used in various fields. We have the capabilities of any development any Product for your application as per your need as per configurations and materials. Equipment made out of various grades of Stainless Steel, CI, MS, and Brass are manufactured by us for a wide and sophisticated range of uses in Steel Plants, Thermal Power Plant, Cement Plant, DIP Plant, Ash Handling Plant. Consumer Satisfaction is one of our prime objectives, which has in turn helped us to carve a niche for ourselves as one of the most reliable sources of supply for all types Equipments. A division has come up with quality products which have helped our clients solve their problem of Spares. Technically sound engineers from our organization are always available for technical discussions at our client's end and whenever required. Technical Superiority, hands-on experience and systematic future planning has ensured excellence in achievement over the years. We cater to the industrial sectors, attributing our success to sound management policies, continuous technical up gradation and strict quality control. Our clientele include some of India's most renowned names such as Major Thermal Power Plants (NTPC, OPGECL, NUPPL, NTPS, NCTPS). Aluminum Plant (Aditya Birla Group, Vedanta Group, Nalco etc. Numerous Ductile Iron Pipe Plants & Integrated Steel Plant (Rashmi Metaliks, Rahmi Green Hydrogen Steel Plant, Welspun DIP, Jai Balaji Industries Ltd, Jindal Steels). Various Power Sector (McNally Bharat Engineering Company Limited, BGR Energy Systems Ltd) We value the opportunity to serve you and assure you that our quality products and service shall leave you with little opportunity to seek a second option.

OUR VISION

"To be a leading provider of innovative and reliable structural fabrication solutions, delivering high-quality, precision-engineered products that meet the evolving needs of our clients. We strive to create lasting value through sustainable practices, advanced technology, and a commitment to excellence, shaping the future of the construction and manufacturing industries."

OUR MISSION

"To provide high-quality, durable, and cost-effective spare parts for the steel and power plant industries, ensuring the smooth operation of critical machinery and equipment. We are committed to innovation, excellence, and customer satisfaction, continually improving our products and services to meet the evolving needs of the industry. Our mission is to support the growth and efficiency of steel and power plants by offering reliable solutions that enhance operational uptime and reduce downtime."

OUR PRODUCTS & SERVICES

We Provide Spare Parts for Steel Plants, Thermal Power Plants Spare Parts & Equipment and Mechanical Spare parts.

PRODUCTS - STEEL PLANT SPARES

Agitator

Cutting Machine for DIP

Bitumen and PU Coating Machine

Bottom Ash Hopper Accessories

Bottom Roller Assembly

CCM Roller

Chain Roller

Chameering

PRODUCTS - THERMAL POWER PLANT SPARES PARTS

Adapter Pices

Collector Power

Isolation Valve

Manually Opertaed Cutoff Valve

Mixing Device

Pile Guide Main Frame

Pneumatic Operated Cut off Valve

Vaccum Pressure Relief Door

PRODUCTS - MECHANICAL SPARES PARTS

Bracket for Conveyor

Bronze Bush

Main Bogie Wheel

Mould Support Roller

Nozzle

Rope Pulley Arrangement

Pinion

Rotating Table
